

Finonyx Notifier Plus

- ▶ **Enterprise Customer Communication & Notification Platform**
- ▶ **Purpose-built for Oracle FLEXCUBE Environments**
- ▶ **Available On-Premise or as a SaaS Subscription**

Modern banks require secure, scalable and real-time customer communication across every banking channel. Finonyx Notifier Plus enables banks to deliver transaction alerts, OTPs, account statements, marketing campaigns and service notifications through a single enterprise platform. Purpose-built for Oracle FLEXCUBE environments, it is available both on-premise and as a fully managed SaaS offering.

Why Finonyx Notifier Plus?

- Enterprise Customer Communication through a single platform
- Purpose-built for Oracle FLEXCUBE environments
- Available On-Premise or as a SaaS Subscription
- Rapid deployment with minimal infrastructure
- Multi-channel communication (SMS, Email, WhatsApp, Push Notifications & e-Statements)
- Enterprise-grade security, scalability and auditability

Key Features

Multi-Channel Alert Delivery

Supports SMS, Email, e-Statements, Push Notifications, WhatsApp (optional) for transactional and informational alerts.

Oracle FLEXCUBE Integration

Direct integration with FLEXCUBE core banking to fetch transaction data and trigger alerts instantly.

Digital Statement Delivery

Automates daily, weekly, or monthly statements using Oracle BI Publisher, sent directly to customers' inbox.

Real-Time Alert Engine

Triggers alerts instantly on deposits, withdrawals, loan payments, login notifications, failed transactions, etc.

Custom Message Templates & Personalization

Allows banks to configure dynamic templates using customer name, amount, account number, branch, etc.

Role-Based Access & Audit Logs

Tracks every alert sent, delivery status, failures, and retries ensuring traceability and compliance.

Marketing Campaign Management

Enables digital marketing campaigns via Email/SMS to cross-sell bank products with segmentation and scheduling.

Flexible Deployment Options

- SaaS Subscription
- On-Premise
- Private Cloud
- Hybrid Deployment

Enterprise Platform Highlights

Capability	Details
Deployment Models	SaaS, On-Premise, Private Cloud, Hybrid
Integration	Oracle FLEXCUBE, REST APIs, SMS & Email Gateways
Customer Authentication	Single Sign-On (SSO)
Security	Role-Based Access Control, Audit Logs, Encrypted Communication
Communication Channels	SMS, Email, WhatsApp, Push Notifications, e-Statements
Scalability	Enterprise-grade architecture supporting high transaction volumes
Administration	Centralized configuration and monitoring

Now Available as a SaaS Platform

The SaaS edition of Finonyx Notifier Plus enables banks to adopt an enterprise-grade customer communication platform through a flexible subscription model—accelerating deployment while reducing operational complexity.

Subscription-Based Pricing

Predictable operating costs with no large upfront software investment.

Automatic Product Updates

Stay current with the latest features, enhancements and security updates.

Rapid Deployment

Faster implementation with minimal infrastructure setup.

Enterprise Security

Secure, role-based access with enterprise-grade controls and monitoring.

Lower Infrastructure Overhead

Eliminate the need for dedicated hardware and ongoing platform maintenance.

Scalable by Design

Easily scale users, transactions and communication volumes as your business grows.

Business Impact

Real-Time Customer Communication

Delivers instant alerts, improving transparency and reducing customer queries and disputes.

Reduced Manual Work & Errors

Automation replaces manual mailing and report generation, saving time and operational costs.

Enhanced Compliance & Audit Readiness

Tracks every message sent with time stamps, customer details, and delivery records for regulatory audits.

Improved Customer Trust & Engagement

Consistent updates improve customer satisfaction and strengthen brand loyalty.

Supports Marketing & Cross-Selling

Enables targeted digital campaigns to promote loans, deposits, credit cards, and offers.

Ready for Future Digital Banking Needs

Scalable architecture accommodates new channels like WhatsApp, Mobile Push, and AI-driven alerts.

Proven. Scalable. Trusted.

Finonyx Notifier Plus enables banks to deliver the right message, to the right customer, at the right time, securely and automatically.

It transforms customer communication into a proactive, compliant, and digitally connected experience.

Proven Performance

15+ Million customer alerts delivered daily by a single banking customer

Enterprise-grade scalability

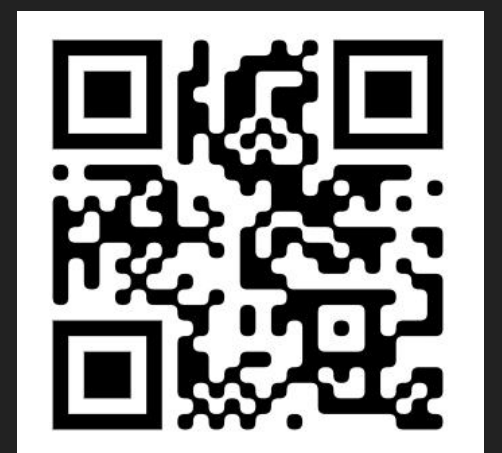

Purpose-built for Oracle FLEXCUBE environments

Secure and highly available architecture

Partner with Finonyx
